# WEEK 1
# HOMEOWORK 4

## DESCRIPTION

Write comments that describe each line of code provided in the following document: **week1_homework4_snippet.js**

(1) Create a **copy** of the file from the instructor's repository to **your** repository. Make sure it is located in "*homework/week1/*".

(2) Open the file and read the first comment example (line 1). Your comments should describe their respective lines similarly.

(3) Fill in the other thirteen empty comment lines with your description of the code line.

(4) Save the file and add/commit/push your repository.

## DUE DATE

The due date for Week 1 – Homework 4 is **Tuesday November 3, 2020 9:00AM**.

## FILE SUBMISSION

Please make sure your modified **week1_homework4_snippet.js** file is located in your repository under the directory "*homework/week1/*". Add/commit/push by the due date.

## GRADE

There are a **total** of **13 comments** to be filled in. Each comment missed reduces the assignment's grade by a letter.

➔ A = 13/13

➔ B = 12/13

➔ C = 11/13

➔ D = 10/13

➔ F = 0/13 to 9/13

Every day that the assignment is late, the maximum grade is reduced by a full letter. The assignment can be up to four days late before it is no longer accepted. You must notify the instructor if the assignment will be late.
